LIFESTYLE

LIFESTYLE

This is a bike for exercising, commuting, shopping, and touring. Ergonomically designed, it was developed to give the cyclist an unparalleled feeling of comfort and security. The frame design relieves pressure on the back and neck and is made so that you can put your feet flat on the ground without leaving the seat when stopping—ideal for unexpected traffic stops. The Lifestyle is perfect for those who simply want the peace of mind to meander and explore. You'll see what we mean, right from the very first ride!
