CX MONOCOQUE CARBON

CX 1, CX 2, CX 3

Light. Rigid. Comfortable. Since its introduction, magazines such as *Bicycling* and *Vélo*mag have waxed lyrical about the Cx frame. One of the world's leading bike test laboratories, Germany's EFB, has also given it top marks. The Cx frame integrates Optimum C6 monocoque carbon for strength and comes with an oversized chainstay to increase rigidity and responsiveness when pedaling. A pure racing thoroughbred, the Cx frame will give you an unfair advantage over the rest of the pack.
